A Penny for your Thoughts

Question: What do you do when you find a Russian spy training operation in New York City in 1943?

Answer: You send in two bugs and an opera singer.

As a follow up to the first book in the series, *A Penny for Your Thoughts* traces the footsteps of some of the characters from *The Ant Doctor*. It also introduces some new personalities, such as an American pilot who flies a patchwork fighter plane into occupied France during World War II, a spunky black woman who owns property and won't take insults from anyone, and a runaway orphan who seeks shelter from unspoken horrors. Throw in the spy, the singer, and the bugs, and you have a tale of wartime intrigue that encompasses both sides of the Atlantic Ocean.
