Paths of Fear

B017Z1EQT8 0996966110

Paths of Fear is a unique anthology which explores that universal and misunderstood experience we call fear. This enjoyable read is part psychological, part informational, and all inspirational. It is largely personal narrative with a sprinkling of poetry and all entertainment. *Paths of Fear* explores a broad range of fears from that which manifests in screams of sheer terror, to that immobilizing, fear-ridden freeze we all understand. This survey sheds light on that deep, dark discouragement that reminds us of how we might fall short or "fail." It exposes furtive beliefs sometimes rooted in us that we, "aren't enough;" a destructive idea cultivated in toxic environments which erode us from the inside out. Thought-provoking narratives highlight the many faces of fear with the sensitivity and insight of real experience. A wide variety of real-life examples are offered up on

how others have dealt with fearful things and fearful places in life. Some of these circumstances have called for a long endurance, with dignity and grace; others required a special kind of strength and defiance. All are examples of facing fear, on one's own terms, inspiring in their own right.

This part psychological survey, part self-help, and part spiritual essay spotlights the true antidote to fear - love, of one kind or another. Secularly accessible, but decidedly faith-based, *Paths of Fear* de-masks the monsters of circumstance and sheds light on some of the darker recesses of life experience. It is a pleasing, poignant reveal of courage, faith, and modern knowledge balanced with age-old wisdom. *Paths of Fear* encourages us to rely on our best, healthy sense of true self, and a heartfelt love for others. It's a collection to inspire readers down paths of faith and hope and to encourage anyone through trials of fear they must overcome.
